

THE TROJAN WAY

Tradition lives here.

On Friday nights, our Trojan athletes will enter the field by walking “The Trojan Way”— a pathway built from the original Mill Street bricks that have carried generations of the Trojan Family before them. Each brick represents the footsteps, values, and traditions we celebrate as a community, and pass on to the future generations of the Trojan Family. Purchasing a brick is a meaningful way to honor your family, celebrate a loved one, or leave a lasting mark on this historic campaign that benefits ongoing Trojan Stadium improvement expenses.

This opportunity is open to EVERYONE united together as part of the Trojan Family — *past, present, and future* — athletes, parents, grandparents, alumni, coaches, band members, cheerleaders, educators, fans, friends, and more.

About The Campaign

This brick campaign is proudly sponsored by the USD 273 Foundation to support ongoing expenses of the Trojan Stadium project at Matous Family Sports Complex. Every brick purchased helps preserve, enhance, and sustain the legacy of Trojan traditions.

With only 1,100 authentic Mill Street bricks available, this is a limited opportunity to permanently place your name — or someone you love — along the path walked by generations of Trojans on Friday nights.

A Lasting Legacy

Your brick on “The Trojan Way” will become part of the story of Beloit. A Tribute... A Thank-you... A Memory... A Legacy.
